

## Workshop #2 Myths & Facts - Meeting Summary

Approximately 75 people attended the second workshop. The format of the meeting was a short presentation by Lake Stevens Mayor Vern Little, followed by a presentation covering myths and facts about the proposed UGA expansion by the City's Consultant, AHBL, Inc. The presentations were followed by a question and answer session, and an opportunity to provide written comments.

The purpose of the meeting was to provide information in response to the questions and concerns voiced by attendees of the first workshop, and to provide more background on the project. Many attendees voiced opinions including: preferences to remain rural, become a part of the City of Snohomish or the City of Lake Stevens, or remain in Snohomish County.

Comments forms collected at the workshop are attached below.

The City of Lake Stevens believes in an open public process and will continue to link public comments and project information on this web page.
